Creo: Assembling with Kinematic Connections

ptc university

Find a Class

COURSE TYPE

Class with Hands-on Practice

DURATION

3 Hours

DELIVERY METHOD

Instructor-Led Virtual

CONTENT LANGUAGES

- English
- Deutsch
- Italiano

COURSE OVERVIEW

Learn about assembling components with dynamic connections using Creo Parametric. Various motion connections can also be applied to restrict the degrees of freedom when assembling parts and assemblies.

PREREQUISITES

Creo Parametric Associate Certification

LEARNING OBJECTIVES

- Review the Mechanism Design Process framework
- Explain the mechanism design basic theory
- Apply various mechanism connections
- Verify the connections by dragging components
